Castle Being Covered Around the Globe

Castle Commerce Center is being covered around the globe with international representatives currently covering China, Europe, South America, and the United States. These representatives will be working diligently to market Castle Commerce Center.

Dorothee Oung: Europe

Dorothee is an expert in advertising and marketing which is supported by her education and skills. In her most recent position she established working relationships with clients through internet marketing. While working as an account executive assistant she coordinated the launch of many new products. Ms. Oung holds her MBA in Marketing, Advertising and Strategies from INSEEC Business School and her Bachelor's degree in Advertising from ESP Superior School of Advertising.

Vicente Jubes: South America

Vicente Jubes has experience in International Marketing Management, particularly in the Latin American and US Hispanic markets. Mr. Jubes has developed and implemented new business models increasing productivity for various newspapers and websites. Mr. Jubes is responsible for aviation operations and recruiting businesses and investors interested in relocating or expanding in the US market, specifically in California. He has a Bachelor Degree in Civil Engineering from the Universidad Central of Venezuela and a Master Degree in Finance from IESA, Venezuela.

Almut Von Bierdermann: Europe

Almut's most recent position was working as the Vice President of Investor Relations International for MICROS Systems Inc. While there, Ms. Bierdermann provided strategic vision and created networks with analysts and institutional investors. Ms. Bierdermann is known internationally in the business, journalism, broadcast, and financial worlds and has contributed significantly to each of these fields. She received her Degree from Wirtschaftspädagogin University (equivalent MBA) in Finance, Theory and Methodology of Economics, Management Coaching and Professional Training.

Paul Lui: China

Paul Lui is familiar with Castle Commerce Center through his work with Sierra Academy for quite sometime as a marketing manager in China and also as Vice President. He graduated from Hong Kong Technical College and has spent all of his career in the aviation industry in one form or another. He is a skilled business owner and sales man and his expertise is a perfect match for a Castle representative.

Benson Kuo: China

Benson has expertise in project development and public relations. Mr. Kuo is an asset because of his experience with marketing project feasibility, researching information related to prospective and existing projects, and giving presentations. Benson earned his bachelors degree in Business Administration from Tung Hai University.

Marie Kephart: United States

Marie Kephart is a veteran media relations and marketing specialist, distinguished for her ability to blend marketing knowledge with public relations skills to generate measurable results for clients. While at Ypartnership, Marie oversaw the national tourism publicity programs for Antigua & Barbuda and she previously served as the public relations specialist for the County of Cumberland in Carlisle, Pa., directing all media relations, and internal and external communications for more than 50 individual County departments. Marie is a graduate of Shippensburg University with a master's degree in Communication and a bachelor's degree in Public Relations.

Building Renderings Underway

The seven most recent renderings that were complete are now available.

Federal Development is working diligently to render many buildings here at Castle Commerce Center to give an idea of the potential that each building has.

Building: 1360

Building: 425

Building: 1333

Network Latin America

Federal Development Representative Vicente Jubes attended the Network Latin America Conference

On December 2nd through 4th Federal Development's representative Vicente Jubes attended the Network Latin America Conference in Monterrey, Mexico. Vicente was recently hired by Federal as the South American Representative. He set up a booth at the conference and attended many one on one meetings with airlines. Some of those airlines included Aero Mexico, LAN, and

Mexicana Airlines. The goal of attending this conference was to get the word out about Castle Commerce Center and promote inexpensive real estate and a great landing strip. Vicente was very successful and FEDERAL looks forward to what is yet to come.

American School of Aviation: Tenant Spotlight

"Sky is not the limit, it's just the beginning."

American School of Aviation (ASA) is known around the world for their exceptional pilot flight training program. ASA provides highly trained instructors and staff to ensure safety and a high quality education. Instructors teach their students a very refined training curriculum giving students all the knowledge they need. ASA is continuously growing and increasing the number of students and instructors. ASA owns at least seven different types of planes offering students the opportunity to

experience different aircraft. This gives students a boost when they complete their training and begin looking for a career. ASA promises safe aircraft, the best ground instruction, high levels of student support, and career guidance. American School of Aviation is rated one of the best in their field and strive to provide their students a quality education and hands on experience.
